## From the President's Desk

A Hearty Welcome to the readers of *The Violet Flame Voice*! The Chananda Cultural Society is pleased to bring to you our first issue of *The Violet Flame Voice*—a quarterly newsletter dedicated to the teachings of the Ascended Masters. The purpose of the newsletter is to provide a means of communicating with the growing membership of the ascended masters' teachings in India and keeping everyone informed about our ongoing activities.

The Chananda Cultural Society was founded over two and half years ago in New Delhi to spread the spiritual teachings of East and West. These teachings have been released by the ascended masters through their Messengers Mark and Elizabeth Prophet in America over a period of 55 years. You might ask: *Who are the ascended masters?* The ascended masters are our elder brothers and sisters on the spiritual path who have graduated from earth's schoolroom and returned to God through the process of moksha or ascension. From the heaven realm, they guide and teach mankind. Many of these masters are familiar to us, having walked among us through the ages. Among these great beings are well-known adepts such as Krishna, Gautama Buddha, Zarathustra, Maitreya, Jesus Christ, Moses, Saint Germain, Ramakrishna, Mother Mary, Chananda, Kuan Yin, Kuthumi, and El Morya, to name a few.

Three main pillars of their teachings include: (1) The understanding of one's true identity in God, mentioned in the Vedas as *Aham Brahmasmi* (or I AM Brahman); (2) Knowledge of the science of the spoken word or *vakya*; and (3) Healing powers of the violet flame (*agni*). In the future issues of our newsletter, we will cover these teachings in more detail. Since our newsletter is called, '*The Violet Flame Voice*', it is appropriate to introduce the violet flame to you and share briefly the spiritual science behind it.

The violet ray is the seventh of the sun's rays. The other six rays are blue, yellow, pink, green, purple & white. Each ray has a specific color, frequency and quality. Each of the spiritual rays (flames) creates a specific positive action in the body, mind and soul. Most importantly, the violet flame transmutes painful memories. "Transmute" means to alter in form, appearance or nature, especially to change something into a higher form.

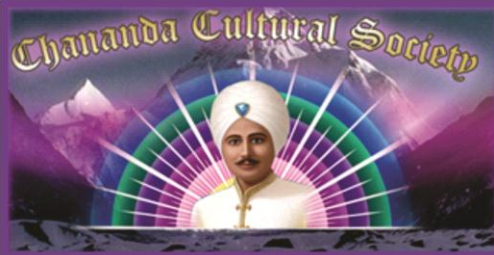

The violet flame is known for its high vibration because it vibrates close to the physical world we live in. The violet flame works on our bodies, including our thoughts and feelings by changing the rate of their vibration. For example, when we repeat violet flame mantras, the violet flame permeates every cell and atom of our bodies, minds and emotions and purifies our seven chakras. Here is a simple violet flame mantra and please remember, each time we utter the word, 'I AM', we are saying 'God in me is':

***I AM a being of violet fire!***  
***I AM the purity God desires!***

This mantra can be repeated many times a day and even continuously meditated in the mind as one goes about doing daily activities. We can direct the violet flame into the karmic debris of disease, stress, relationships or any undesirable condition as it liberates the soul from these burdens. Please note that the violet flame is not meant to replace doctors and other remedies but when used in conjunction with proper medical care, it may really make a difference.

There are several violet flame mantras which we will introduce in the future. The best time to give mantras is in the early morning. By giving mantras first thing in the morning, your day may go much smoother.

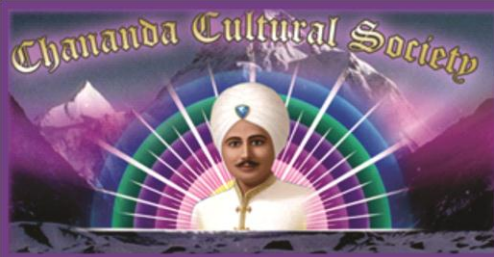

I hope you enjoy reading our newsletter. I look forward to meeting you at one of our workshops. Please feel free to visit our website, [www.chanandaculturalsociety.org](http://www.chanandaculturalsociety.org).

Sincerely,  
Jaspal Soni, President

## Violet Agni (Flame) is Spreading in New Delhi and the Surrounding Cities

Two outreach events launched early this year have resulted in an exciting growth for the violet flame in New Delhi and the surrounding cities of Gurgaon and Noida. The first event was the annual World Book Fair on February 15-23 at the Pragati Maidan and the second was the Life Positive Expo on February 21-23 at the India Habitat Center, both in New Delhi. Two teams of volunteers manned the booths at both locations faithfully. The teams shared the teachings of the ascended masters and invited people to come to lectures and two full-day future workshops on the violet flame to be held in March. The results were impressive! People signed up for the lectures and workshops and came in full force. Here are a few pictures. First is the venue for the World Book Fair. Here are some pictures of the booth and the staff.

The World Book Fair brought a diverse group of seekers of truth of all ages—young, old, middle-aged, school children—to our booth and got introduced to the ascended masters' teachings. The Life Positive Expo in New Delhi was also a great success as it brought professional healers and interested people to contact us. This led to the launching of our first full-day violet flame workshop on March 1st. Entitled, "Violet Flame to Heal Body, Mind, and Soul", it was enthusiastically received with people attending from New Delhi as well as traveling long distances from other parts of India. Some of them had previously attended our first two-day seminar in New Delhi held in September 2013.

Next came the second all day workshop on March 8th entitled, "Discover Secrets of Happiness and Prosperity." It also was a great success with students learning about the violet flame and its sponsoring Master Saint Germain. The students were very attentive and each one received a certificate of completion at the end of the day. Record numbers of books and CDs on the ascended masters' teachings were sold and students signed up for future follow-up workshops.

Poonam Chugh is the first employee of the Chananda Cultural Society. Her duties include manning the registration table, maintaining contact lists, helping organize the workshops, running errands, helping produce materials, and answering the telephones. She writes: "My name is Poonam Chugh and I am a fashion designer by profession. I found the teachings of the ascended masters over a year ago in New Delhi and from that point onwards, they have become an important part of my life. Now, I know who I am, why I am here and what is my life's purpose. After finding the teachings, the usual problems of life seem easier to handle as I have begun to see the solutions also. Life has become more peaceful than before. I want to be part of the ascended masters' organization for my whole life. I know this is the right path for me to make my ascension in this life. Thank you God!"

## From Our Members...

*Hello everyone!!! I would like to introduce myself as Seema Bhardwaj, psychotherapist and energy healer. I feel so happy and blessed to have found the teachings of the ascended masters over a year ago at the Life Positive Expo in New Delhi. The teachings are helping me to understand who I am. The grace of the ascended masters has magnetized me to attend recently completed workshops on seven rays in Kalkaji, New Delhi. Since then, I have gotten associated with the Chananda Cultural Society in a more committed way. Recently, I became a member of the Saint Germain's Keepers of Flame Fraternity.*

*I feel much more empowered than before, and notice that the blue flame of God's power is growing within me. I also find the joyous energy of violet fire so uplifting that keeps me energized all the time. I see a change in my family and surrounding atmosphere too. I am also using violet flame to heal my clients and teach them how they can use violet fire, this beautiful gift of Saint Germain.*

*The best part of ascended masters' teachings is that it is not a religious practice, rather it is spiritual in approach, embracing all mankind and making us more loving towards every soul God has created.*

*How empowering it is to understand our true identity as a Son and a Daughter of God. I thank all the beings of Light from the depths of my heart (and soul) for leading me and bringing me to this path to realize my true divine potential.*

*Thank you.....God!*

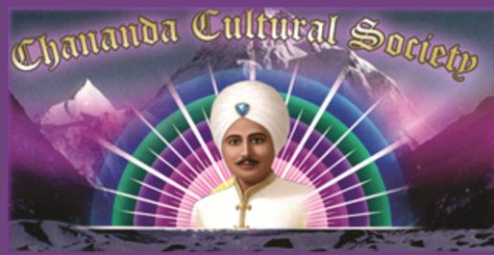

*Hi, I am Bhavna Dixit. I have been in the ascended masters' teachings for more than a year now. I am very grateful to God and the ascended masters for these precious teachings. I am finding out that the teachings are proving to be very useful in every aspect of my life. The most important thing is 'keeping faith.'*

*When I started giving decrees as a part of my daily pooja/prayer ritual, I noticed that whatever I prayed for, it got materialized in my life according to God's will. I can say that the ascended masters and angels will help anyone when one makes a call to them in full faith. Since joining the teachings, I have noticed a lot of changes occurring in my life and lives of my family and friends, especially with the violet flame decrees.*

*I would like to share with you a recent experience I had. I have several pet rabbits in my home. One of them had been suffering from tumor for some time. The doctor had told me that there was no chance to treat him at that advance stage. I kept giving the violet flame mantras (decrees) to my rabbit and prayed for him to receive the gift of threefold flame in the next life. I recently learned from the doctor that he has been completely cured from the tumor. Thank you violet flame!*

*With the teachings, I am more peaceful than before. I am now able to forgive people who have ever done wrong to me because I know how important it is to forgive ourselves and others.*

*I feel blessed and feel connected with God. By His grace, I have experienced spinning of my chakras in my body and many personal inner experiences. I suggest you too can experience the power of the violet flame decrees in your life as you transmute the negative energy of your human self into the positive energy of your Higher Self.*
