From the President's Desk

Greetings! We welcome our readers to the second issue of the quarterly newsletter *The Violet Flame Voice* dedicated to sharing the teachings of the ascended masters. The purpose of this newsletter is to provide a medium for communicating with the growing membership of the Ascended Masters' teachings in India and keeping all informed about our growing activities.

The last three months have been very busy for the Chananda Cultural Society. For the first time, we conducted a 'tour' of four workshops at selected public venues in New Delhi on popular topics: (1) *How to Work with the Angels and Ascended Masters: Your Guides, Guardians and Friends*, September 14, (2) *Are you Kalki? The Tenth Incarnation of Vishnu—the Kalki Avatar*, September 28, (3) *Transform and Help Heal Yourself and Others with the Amazing Violet Agni*, October 12, and (4) *Unlock Secret Keys for Happiness and Prosperity with the Violet Agni*, November 2. The timings of all workshops were from 10:00 am—5:00 pm.

Many new and repeat seekers came and several of them attended the five follow-up workshops held on Sunday evenings at 7/5 Kalkaji Extension in New Delhi. We are now inviting the attendees of all the workshops and meeting with them one-on-one to help explain the teachings and the science of decreeing. We are hoping this experiment will be a mutually rewarding and win-win for all parties in at least two ways: (1) laying a strong foundation for people to help them understand the simplicity of the teachings; and (2) establishing a transparent environment for the growth of the Chananda Cultural Society in India.

In November, we began conducting workshops in the neighboring town of Gurgaon on Sunday afternoons in the home of one of our members. This is an exciting opportunity to establish another stronghold for the Great White Brotherhood in a different city. We are praying to God to cut loose those stalwart souls in Gurgaon who are meant to be the anchor points of light there.

Next Year, we are looking forward to participating in the annual *New Delhi World Book Fair* at the Pragati Maidan on February 14-22 and the *Life Positive Expo* at the India Habitat Centre on February 20-22. Both of these venues have proven to be very beneficial for us in the past in contacting new seekers of Truth. We are planning to hold more workshops at public venues during the March-May timeframe and will be sharing more details about them soon.

I thank you for your kind support, prayers and the spirit of working together in expanding the teachings of the ascended masters in India. For those of you whom I have not met yet, I look forward to meeting you at one of our workshops or you can call me at 9971123483 for one-on-one meetings. In the meantime, please feel free to visit our website at www.chanandaculturalsociety.org

Sincerely,

What are the Teachings of the Ascended Masters And How Can They Solve the Problems of Today?

The timing for the unveiling the teachings of the ascended masters' teachings coincides with the ending of dark cycle of Kali Yuga and the dawning golden age of illumination of Sat Yuga.

Who are the ascended masters?

The ascended masters are our elder brothers and sisters who have balanced their karma and completed their unique mission (dharma) on earth. They have graduated from earth's schoolroom and become one with God. They teach us about developing a personal relationship with our Higher Self and invite us to work hand-in-hand with them to heal ourselves, our loved ones, and the problems of our cities, the nation and the planet. Some of the ascended masters, whom we also call deities, include Ganesh, Krishna, Sanat Kumara, Gautama Buddha, Maitreya Buddha, Shiva, Chananda, El Morya, Saint Germain, Jesus, Archangel Michael, Mother Mary, Lakshmi, Durga, Kali and Kuan Yin.

Since 1958, their Messengers, Mark and Elizabeth Clare Prophet, have released a vast body of teachings which can be summarized in three parts: (1) Become Your Divine Reality; (2) Change Your Life with the Sacred Science of the Spoken Word; and (3) Healing Powers of the Violet Agni.

(1) **Become Your Divine Reality:** The divine reality of man as described in ancient Hindu text as *Mahavakyas*. There are four *Mahavakyas*, one from each of the four Vedas:

- (I) Prajnanam Brahma - "Prajna is Brahman" or "Brahman is Prajna" (Prajna means higher consciousness)
- (II) Ayam Atma Brahma - "I am this Self (Atman) that is Brahman"
- (III) Tat Tvam Asi - "Thou art That"
- (IV) Aham Brahmasmi - "I am Brahman" or "I am Divine"

The common theme in all *Mahavakyas* is the same: Man is the manifestation of God.

Let's look at our spiritual anatomy through the prism of the ascended masters' teachings which are in completely in sync with the Vedas.

Our spiritual source is our I AM Presence or I AM Brahman, surrounded by the Causal Body or the Body of Cause. Although difficult to depict in a picture, the spheres of the Causal Body are actually Agni or spiritual fire.

Our soul, shown as shown in the figure in the bottom of this chart, lives in matter, in our physical bodies. Here we learn life's lessons and mastery of our spiritual, mental, emotional and physical worlds.

The fire of God embodies in it the spectrum of seven colorful rays as can be seen here and in the rainbow. As these rays enter the physical world, they become beautiful sparkling flames bursting with cosmic energy to ignite a world. Each ray has a specific color, frequency and quality of God's consciousness that is magnified on each day of the week.

Between our soul and our I AM Presence we find a middle figure. In the East we call this level our Vishnu/Krishna consciousness, or Atman. In the West, we call it our Holy Christ Self or Higher Self or Higher Mental Body. The Higher Self acts as a mediator between the I AM Presence and the soul as a guide, teacher or intercessor. Our Higher Self communicates with our I AM Presence and the Ascended Masters and speaks to us as the voice of direction and conscience—the still small voice in the heart—when we tune into it and are willing to listen and obey it.

The goal of life is for our soul to unite with our Higher Self and ultimately to achieve Moksha (freedom) by uniting with our I AM Presence or Brahman consciousness. Then at the end of this lifetime, we too may become an 'ascended master' and continue to help and uplift our brothers and sisters. This union with the divine is the only true way to overcome our personal and planetary problems.

(2) **Change Your Life with the Sacred Science of the Spoken Word:** The science of spoken mantras, also called decrees, is a modern adaptation of the ancient method to accelerate spiritual enlightenment, progress, and change. This science combines prayer, meditation, and visualization with love to counteract increasing personal and world problems. The carefully-worded, rhythmic formulas carry spiritual light and are spoken aloud in a dynamic manner. They are use the name of God, I AM THAT I AM (OM TAT SAT OM).

Decrees differ from regular prayers because the words have been dictated by the ascended masters and contain specific, unique ingredients of light. Given with devotion, decrees command instantaneous action by the ascended masters, angels, gods and goddesses.

(3) **Healing Powers of the Violet Agni:** Violet agni, also called violet flame or violet fire is a powerful spiritual energy. It can be used with any religion without having to change your beliefs. Violet agni has been used by great avatars of East and West.

It works by changing and dissolving painful memories and negative karma through mercy and forgiveness which brings us freedom. When we repeat violet flame mantras, the violet flame permeates every cell of our bodies, our minds and emotions for purification and giving a feeling of joy. Here is a simple violet flame mantra you can repeat every day when you are spending quiet time with God or as you are going about your work. Any amount will help.

**I AM a being of violet fire!
I AM the purity God desires!**

Please remember, each time we say, 'I AM', we are saying 'God in me is.'

You can find many other beautiful violet flame decrees and mantras at the Chananda Cultural Society through our website link listed below.

From our members

I was in an emotionally destructive relationship when I learnt about the violet flame decrees (mantras). Over a period of subsequent four months, I committed myself in doing these powerful decrees. By the grace of God, I was able to clear my negative karma and invite the love of my life into my life. The ascended masters' teachings were explained to me in that one can attract good beings when one vibrates at that level. I worked very hard to vibrate at Gaurav's level and all of a sudden, he entered my world. I am truly grateful to the Divine and the Ascended Masters who help nourish and strengthen this relationship. Gaurav and I got married last month on the 3rd of November and I have been blessed with a very large and loving joint family.
Coralie Srivastva Sehgal

Being in Ascended Masters' teaching is a blessing. I am into these teachings for the past nine months now and I have found the teachings to be very-very practical. For me, it became very easy to understand these teachings after first understanding about the mind and how to connect it with God. Violet Flame is the miracle flame. It's use as prayers made me free from many fears like – fear from dogs and from insecurity. It helped me to arrive at a state of mind where I find myself confronting circumstances and people whom I used to avoid earlier. I have healed my relationships with others using the violet flame. Now, I feel myself being much more happier, more blissful, and more loving & forgiving person.

Dilraj Kaur

I am thankful to the knowledge of the violet agni. It has improved the quality of my life and increased peace in my being. The violet flame has empowered me in my daily work and given me a sense of clarity as how to view the world. I find it easy to achieve my goals. The divine knowledge of secret energies revealed by the teachings of the ascended masters has changed the course of my spiritual path for the better. It has made me feel more joyous. The prayers and decrees are very powerful. The teachings have given me a deeper understanding as how to live rest of my life correctly.

Kiran Soni

I would like to share my experience of violet flame with the readers. I am a working woman and mother of two lovely growing children. In Feb 2014, I had a chance to visit the Life Positive Expo at the India Habitat Centre in New Delhi. There I stopped at the booth of the Chananda Cultural Society. I felt motivated to attend two violet flame workshops presented by the Chananda Cultural Society during the following month. I attended those workshops little realizing that my life would change for better. The violet flame decrees (prayers) made me a happier person. I became more confident and suddenly so many puzzles of life about which I used to wonder about fell into place.

Thank you dear God for introducing me to the violet flame and thank you violet flame for bringing a positive change into my life.

We read about violet fire in a recent edition of the *Times of India* newspaper and started chanting the violet fire mantra, 'I AM a being of violet fire, I AM the purity God desires' for fifteen minutes three times a day. We added this chanting to our already ongoing chanting of 'Hare Rama Hare Krishna' mantra as was advised in the *Times of India* article. Within two weeks we found improvements in areas, such as concentration, fearlessness, general feel-good factor, compassion and tolerance levels. Most noteworthy was the restoration of a very important part on rebuilding of relationships with family and friends which were believed to be at the dead end. Inspiration to make an attempt to reach out was noticed on both sides which helped in restoring the mutual bond.

Mrs. and Lt. Col.(retired) R. C. Puri

The most magnificent thing I have realized in the teachings of the ascended masters is encountering my own Real Self—my I AM Presence. This daily spiritual experience continues to strength me to carry on in my journey towards ascension in the light. I am beginning to understand the true meaning of divine hierarchy in heaven. I can see the role the masters play to help me in meeting my goal of life, which is Moksha. It is really incredible in today's confusing and materially misleading world to be accurately guided by the masters in my journey to unite with my God Self. I thank the messengers and ascended masters from the bottom of my heart with a lot of gratitude.

Rita Lamba

I started working with violet flame in my life a few years ago. It has tremendously helped me in managing and handling my relationships with others and healing my body, mind and soul in a holistic manner. The violet flame has enabled me to clear a lot of dross energy around my chakras. And more importantly the violet flame is my favourite tool to prepare me for the ascension in this life. The violet flame enables the transmutation of negative energies within me, reconnecting me with my Higher Self as well as that of others and thereby connecting me to divinity in order to finally aspire me to achieve the state of everlasting inner peace.

Sundeep Verma

My senior in my establishment introduced me to the workshop on the violet flame in New Delhi. The instructor at the workshop introduced a completely new concept of "violet flame." The Chart of the I AM Presence explained the connectivity between the Atman and the Jeeva which is very informative. It helps in understanding the presence of divine oneness. The chanting of mantras, or the decrees, gives tremendous peace of mind and calmness. I am giving at least 15 minutes before I start my daily work. I am able to control my anger and my emotions.

An Active-Duty Army Officer

I feel honored to be working as an administrative assistant for the Chananda Cultural Society. Although I have been working for the Society for the past nine months, it seems like a relationship of very long time. I am very blessed to have found the teachings of the ascended masters. I believe this path is what I had been looking for many lives and I have found my divine plan. The decrees and the teachings are giving me peace of mind that I had been looking for a long time. I love to give violet flame decrees every day as the greatest gift God has given to me. I visualize the violet flame angels bringing loads of violet flame to all cities in India. My prayer is that the violet flame goes to

every home in India!
